Dear Tom,

I would like to take this opportunity to personally thank you for the good job put forth by Ed Johnson on our project. He consistently maintained a positive attitude and a desire to help us. He was able to produce a solid data model from which the entire project team benefited from. He always handled his job responsibilities in a professional manner and communicated well with his project leader. It was a pleasure to have him with us.

I am please to say that Ed was able to complete his duty and the project team is well on their way to implementing this data model. I appreciate his efforts and look forward to the opportunity to work with Ed in the future.

Sincerely,
